Reef Education Packages

Our education materials provide an unique opportunity for you and your group to learn about coral bleaching and monitor coral health.

The complete education package costs AUD$240 (inc. GST) and contains:

- "Coral Reefs and Climate Change: the guide for education and awareness" (256 pages)
- "Coral Reefs and Climate Change" Activity CD containing:
    - Workbook with 20 activities for the classroom, field or lab
    - CoralWatch monitoring materials: data sheets, seminar, DIY kit, coral photos
    - Education materials: conceptual models, reef life ID charts, virtual tools
    - Project AWARE fact sheets
    - Further reading materials: papers, manuals
- Class set (30) of Coral Health Charts
- Dive/snorkel data slates (5) with stick-on waterproof thermometers
- Hard copy of the 'Coral Reefs and Climate Change' workbook, 130-page document with 20 field, classroom and lab activities
- Hard copy of 'A Guide to Using the Coral Health Charts'; 21-page document outlining how you can use the charts in a classroom setting
- Hard copy of the 'Virtual Reef'; 45-page document outlining how to use the Coral Health Charts to quantify the bleaching and recovery of seven different corals from Lizard Island, Australia
- Hard copy of the 'Virtual Lab'; 23-page document outlining how the Coral Health Chart was developed
- Virtual Transect poster (72 x 36cm)
- Frequently Asked Questions flyer
- 'Do It Yourself Kit' including data sheet

The basic package AUD$140 (inc. GST) contains:

- "Coral Reefs and Climate Change: the guide for education and awareness" (256 pages)
- "Coral Reefs and Climate Change" Activity CD
    - Workbook with 130 activities for the classroom, field or lab
    - CoralWatch monitoring materials: data sheets, seminar, DIY kit, coral photos
    - Education materials: conceptual models, reef life ID charts, virtual tools
    - Project AWARE fact sheets
    - Further reading materials: papers, manuals
- Fifteen (15) Coral Health Charts
- Hard copy of 'A Guide to Using the Coral Health Charts'; 21-page document outlining how you can use the charts in a classroom setting
- Two dive/snorkel data slates with stick-on waterproof thermometer
- 'Do It Yourself Kit' including data sheet
